Badge Readers Installed in Computer Centers for Controlling Personnel Access

STATINTL The Badge Readers for controlling personnel access were installed in the Ruffing and Special Computer Centers on 20 August. The Badge Readers will link into the Security Access Control System (SACS) currently in operation for access to Headquarters. The system is scheduled to be operational in September. Only personnel with an "E" or "B" indicator on their Agency badge are authorized to enter the restricted areas of the computer centers by using the Badge Readers. [REDACTED]

VM-NBI Link Established

STATINTL It is now possible to transmit and receive files between VM and the NBI 3000 word processor. The former Publications and Presentation Group, OCO, has successfully printed NBI originated files on OL's ETEC printing system by dumping the converted NBI files to tape and carrying them to P&PD/OL. [REDACTED]

SAFE

STATINTL The SAFE Steering Committee met on 14 August and Mr. [REDACTED] presented a progress briefing. A follow-up briefing for the DCI and the Director, DIA, will be presented on 4 September 1980. [REDACTED]
